Subject: Reestablish Tower Standard Senior Managers Conference Call

Hi Larry, John, and Judy,

I hope all is well with everyone. I would like to reestablish the senior managers call for the Tower Standard Site. Field season is upon us and it's crucial that we're all communicating to establish a successful remediation plan for the Site. Please let me know if you are available Monday, May 8, 2017 at 11:00 am to have this call. If not, please let me know what day and time the week of May 8th works best for you. Thank you.

Michael Harris

Deputy Director
Land and Chemicals Division
U. S. Environmental Protection Agency, Region 5

Subject: Summary/Action Items from 10/12/2016 Tower Standard Senior Managers Conference Call

Good Morning Larry, Judy, and John,

Thank you for taking time out of your busy schedules to participate in yesterday's conference call regarding the Tower Standard Site. The following is a summary of the action items from the call:

- 1) Update Tower Standard Timeline based on work that has transpired since our May 26, 2016 meeting in Woodruff, WI. (EPA will update with input from LDF and WDNR)
- 2) Create list of all available sampling data to date. (EPA will create with input from LDF and WDNR)
- 3) Determine Timeframe needed to review Bristol's Comprehensive Site investigation (Technical staff from EPA and LDF)
- 4) Share Bristol's Comprehensive Site investigation with WDNR and determine how much time is needed to evaluate remedial options (Technical staff from EPA, LDF, WDNR)
- 5) Schedule Meeting with Senior Managers to Present Remedial Options (EPA)

Please let me know if you have any corrections/additions to this by COB this Friday, October 14, 2016. Thank you.

Michael Harris
